

ARGE's scope of work

Outlook into 2025

Hans Weissenböck

ARGE General Secretary

Content

- ➔ New EU Construction Products Regulation
- ➔ Sustainability
- ➔ Digitalisation
- ➔ Cybersecurity
- ➔ EU Carbon Border Adjustment Mechanism (CBAM)

New EU Construction Products Regulation

- ➔ **Contributing further to the CPR Acquis process** (yielding a new Standardisation Request for establishing harmonised standards)
- ➔ **Promoting ARGE's position concerning 'burglar resistance'**
- ➔ **Preparing a guidance document on the new CPR for ARGE members**
(main work will be done by Construction Products Europe)

Sustainability

- ➔ Furthering the **ARGE Lead (Pb) Reduction Programme**
- ➔ Creating a new **EPD for 'Access control hardware'**

Digitalisation

- ➔ Supporting **CEN/TC 33/WG 4/TG 18 (BIM)** in establishing a Technical Specification for BIM data templates for building hardware and definition of a set of properties for BIM objects
- ➔ Representing the interests of our industry vis-à-vis the European Commission in respect of the **EU Data Act**
- ➔ Engaging in preparation for **Digital Product Passport**

Cybersecurity

- ➔ Establishing a system facilitating that **ARGE builds up knowledge, investigates, monitors and prepares information on relevant standards and legislation for its members**
- ➔ Taking up the work on an **ETSI Technical Specification, namely for test methodologies for cybersecurity of smart door docking devices** (an ETSI TS for Cyber Security for Consumer Internet of Things; requirements for Residential Smart Door Locking Devices was established beginning of 2024)

EU Carbon Border Adjustment Mechanism (CBAM)

- ➔ Advocating the interests of our industry by engaging in getting **locks** and building hardware listed as 'downstream products' in **CBAM**

Thank you!
